MAY 4 2006

The above omission was a surprise to Assignee who in a Preliminary Amendment For Provisional Priority submitted to the USPTO on December 31, 1998 (ATTACHMENT-1) amended the specification to claim priority under 35 USC § 119(e)(1) of provisional serial number \_\_\_\_\_ (Attorney Docket No. TI-28734PS), filed 12/09/98 and serial number \_\_\_\_\_ (Attorney Docket No. TI-28734APS), filed 12/14/98. The Attorney Docket Nos. were provided in lieu of the serial numbers which were not known to Applicants on December 31, 1998.

Serial number 60/111,538 was subsequently assigned by the USPTO to (Attorney Docket No. TI-28734PS), filed 12/09/98. Serial number 60/112,171 was subsequently assigned by the USPTO to (Attorney Docket No. TI-28734APS), filed 12/14/98. As such, US Patent 6,977,910 should have identified the above two provisional applications as Related U.S. Application Data.

Accordingly, Assignee now submits the attached Certificate of Correction for U.S. Patent 6,977,910 to properly claim priority to provisional applications 60/111,538 & 60/112,171 on the front sheet of the patent.

The exact page and line number where the error is visible in the issued patent is page 1, left column, after paragraph (22) but before paragraph (51) please insert and correct to read:

-- Related U.S. Application Data

Provisional application No. 60/112,171, filed on Dec. 14, 1998.

Provisional application No. 60/111,538, filed on Dec. 09, 1998. --

Being that the error is the fault of the USPTO, no fee is believed required. If the USPTO disputes this, or if any other fees are necessary, please charge the necessary fee under 37 C.F.R. 1.20(a) to Deposit Account No. 20-0668 of the Assignee. This authorization is enclosed in triplicate.

Respectfully submitted,
